

RICCO BENEDETTI 28 years ago

Sergeant to be Honored

'Ricco' To Hang Up Nightstick

He was born as Marigo Benedetti, but everyone refers to the Sergeant as "Ricco." His birthplace was Sacramento, although he has been in Daly City for 63 years and is considered a native by all.

He attended grammar school locally, and then became an auto mechanic and racer of cars. He is known almost as widely as a skilled mechanic as he is for his skill as a policeman.

The Mayor has proclaimed June 1st as "Sergeant Benedetti Day," and this will coincide with a testimonial dinner being held in honor of the veteran officer on that night. At that time people will say nice things about him, call him "dedicated" and "experienced," and of course these things are true—but they don't really tell the story.

When he finishes his tour of duty as Patrol Sergeant on July 31st, it will be his last. Then, for the first time in thirty five years, his name will not be listed on the roles of the Daly City Police Department. On this day he will rate both "Happy Birthday" and mandatory retirement. (He will probably work through the legal grace period until July 31st, however.)

He will then be 65 years of age, and it will be the first time since 1928 that he will be technically unavailable to the thousands in the city who have taken his presence and his protection for granted for that time. It will be the first time since 1940 that recruits reporting for duty will not gaze in awe at the craggy featured, hatched veteran Sergeant of Police.

The Sergeant is noted as a man who possesses two hard-earned fists and a golden heart. He has officiated, violently, at bar brawls with those fists, and admits to times when, outnumbered, he has had to "use the lumber a little," the lumber being in the form of a good police night stick.

Motorcycle Exploits

The heart is evidenced by his reputation as being "an easy touch" for a loan or hand-out. This is attested to by fellow workers, by other citizens, and (if they could be found) by many a derelict who has left the city with more money than he entered with, as the result of the generosity and compassion of Sergeant Benedetti.

Stories are legion of his exploits as a motorcycle officer. They range from the time he was hospitalized for six months following the unhappy termination of a motorcycle chase, to the time he sired down and issued a speeding citation to a Number 40 streetcar.

A raised voice has silenced many a raging citizen or wise punk, yet he has never been known to order a patrolman to do anything; he has always suggested, or requested, or advised—and the thing that he wanted has always been done. That voice can also cajole

and persuade. The affable, knowledgeable sergeant has sweet-talked many a clawing, intoxicated tigress into walking into the cell like a lady. And a mild "What seems to be the trouble here?" has often precluded the coming of peace to the chaotic, fearful scene of the family beef. Ricco talks the many forms of the policeman's language, and does so on a level with judges and criminals, politicians and citizens, the articulate and the inarticulate. He has always been polite, and never overbearing nor servile in this talk.

Thought Young

The sergeant has gone on many patrols, usually at night, and in all kinds of weather. He has arrested at gunpoint, given street directions, and patrolled and patrolled and patrolled.

Ricco has always "thought young." For example, patrolmen young enough to be his sons look upon him as a fellow policeman, and not as an older fellow who should be retiring pretty soon. With all his experience, he was thinking young enough to voluntarily attend a supervisory problems school with the younger sergeants only last year.

And so the day is almost here when there will be a vacancy for a sergeant's position in the police department in Daly City—but there will be a bigger vacancy than that. For Ricco will be retired, and his absence will be a very large vacancy, indeed. The mere appointing of another sergeant, however qualified, will not in itself fill this gap.

Sergeant Benedetti, who radiated calmness, in whose presence the scene very quickly always became peaceful, will be retired. His chevroned and hatched sleeve will never again elbow onto the booking desk. But the veteran sergeant will always be one of the Daly City police department in spirit and in fact. As a retired member he will not be forgotten... and certainly he will still be present among the local citizens, both actually and in their hearts.

Poppy Sale On May 24-25

The Veterans of Foreign Wars of the United States will hold its annual "Buddy Poppy Sale" on Friday and Saturday, May 24 and 25, officials of Old Glory Auxiliary of VFW Post No. 2044, Daly City, announced this week.

All funds donated are used for relief purposes as the money from the poppy sale is put into (a) a practical rehabilitation and service program for disabled veterans (they assemble poppies, and receive a small remuneration for their work); (b) the maintenance of the VFW national home, where families of the dead and disabled veterans are cared for and (c) for post and auxiliary relief funds for use in our local community.

When you are approached, please buy a Buddy Poppy and wear it proudly, for you will be helping a worthy cause.

Teen Club Owners Protest

Criticism Called 'Unfair, Unjust'

Owners of "Teen City" Thursday protested criticism of the new teenage night club in Colma as "unfair and unjustified."

David Resch, part owner of the club, objected to an article in a local newspaper, in which an official was quoted as stating that, "personally I think it's something we can do without. It's being

run for a profit by a private individual..."

Resch objected to the assumption that to run a business for profit was wrong, adding that "without examination the club has been condemned. There has been no chance given us to prove ourselves."

Resch added that in renovating Columbo Hall, which was leased February 1, a great deal of time, money and effort was expended, and that all requirements by authorities have been fulfilled. The owner also stated that the Broadmoor police department and Chief Savage have been "very helpful," adding that every night that the club is open four uniformed officers will be hired by the club.

Age Spread
Detective Phillip LaBruzzo of the Daly City police department emphasized that he did not want to "condemn a place before it performs," but said that the new club contains several potential problems. He stated that the proposed age spread, from 18 to 20, was creating an "unwelcoming environment." LaBruzzo added that he saw "no real justification for the presence of the younger set." However, there is, he said, "a real void" for those between high school and adult activities.

LaBruzzo also said that the police chiefs of San Bruno and Redwood City (both are areas that have teenage night clubs) have experienced little trouble and are "happy with the conduct at the clubs."

County Curfew
The Daly City police department objected to a statement on the advertisements passed out by the club which stated that "the curfew will be extended for all those attending Teen City on Friday or Saturday night, provided you go directly home after you leave the club."

LaBruzzo said that there is a uniform 10 p. m. curfew throughout the county for anyone under 18; "it was not altered for the opening of the club, as the ad suggests."

Alan Boyd of the Daly City recreational department stated that the only objection the department had to the new club was the age spread of its members. Pointing out that the maturity levels of the group would vary greatly, Boyd added that the interests, concerns and motivations of a 19 or 20 year old adult are worlds apart from those of a high school freshman.

The Right Exposure
Boyd, director of the recreation department's teen activities, which include seven teen clubs and a total of 1,200 members, said that the club will be in-

Jean Fassler Will Try for County Seat

Jean Fassler, a Pacifica City Councilman since 1957, and well known in San Mateo County for her activities in government, political, charitable and youth guidance fields has announced she will be a 1964 candidate for the fifth district seat on the San Mateo County Board of Supervisors.

Mrs. Fassler, who served as the newly-incorporated Pacifica's first mayor, said she made the announcement only after receiving personal assurance from veteran Supervisor Alvin Hatch that he will not seek re-election in 1964. Hatch has served on the board since 1936 and has indicated he will retire at the end of his current term.

Small Increase Seen

The 1963-'64 County Budget

Although the 1963-64 county budget will not be adopted until late June, the board of supervisors is now studying the \$39,409,612 spending program recommended by the county manager, E. R. Stallings.

The budget is only \$1,175,066 over last year, one of the smallest increases in many years. A tax decrease of 1.11 cents is predicted, depending on further study by the supervisors, and state legislative action which is unpredictable at this time. The board has set June 11 as the date for the first public hearing.

A thumbnail outline of the individual office budgets is taken from the manager's recommendations.

A large share of the increases shown is for salary adjustments put into effect Jan. 1, 1963. Information on other departments will follow later. Assessor: \$905,290, up \$82,436. The number of parcels has increased from 153,723 in 1961 to 157,407 in 1962-63. Four full-time appraisal teams are now in the field. Some 16,000 parcels have been appraised in the past fiscal year, in scattered sections of the county. The increase is partly due to electronic data processing equipment. There are 99 permanent positions with no change.

Controller: \$271,366, up \$25,436. Work in progress on the uniform accounting system prescribed by the State Administrative Code. Efforts are

MRS. JEAN FASSLER

Mrs. Fassler became the first to announce candidacy in the realigned coastal supervisorial district for the June, 1964 election.

Early in March, three well-known Daly City figures indicated they were also interested in the Fifth District post. They are Mayor Joseph Verducci, Peter Markovich, manager of the Daly City Chamber of Commerce, and Attorney Thomas Bocell.

Mrs. Fassler, 43, a housewife and mother of three, said she was declaring her intentions "early in order to make my position clear both in the county and in Pacifica." She said her nearly six years of experience in municipal government had given her an insight into the continuing need for cooperative action between the cities and county government.

"Since more than 85 per cent of San Mateo County's residents live in incorporated areas," said Mrs. Fassler, "the liaison between county and city is of the utmost importance if we are to have the most effective and economical government in a county growing by leaps and bounds."

Mrs. Fassler said San Mateo County's problems—"in-

TOUCHING UP the front of 6390 Mission street are workers of the new Duffy's Tavern at the direction of Kenneth R. Topping, Jr.

Daly City Tavern Will Relocate

Duffy's Tavern, local thirst quenching spot for the past 25 years, will relocate for the Knowles avenue, Los Banos, highway project.

Luckily, the tavern will be relocated next door, at 6390 Mission street.

Jovial innkeeper Frank Duffy has built a completely modern and tastefully decorated tavern at the new address, keeping with the tradition of good drinking.

The grand opening date for the new Duffy's Tavern will be Sunday, May 26.

This haven for elbow benders will feature light walnut paneling, contrasting sharply upon white. Small tables will flank the back wall, which features a long, black settee.

According to contractor Kenneth Topping, Jr., the new tav-

ern is built for continuous, easy maintenance.

Sprayed acoustical plaster with white gold and cork applique in gold fleck, will greet customers in the interior. The outside is a cottage texture on the Tudor English style.

A Duffy's Tavern sign in Old English will hang over the entrance and a small plaque will be in wrought iron frame inside the entrance. Windows will have wrought iron grill-work.

Wall paneling will be of pre-finished plywood. In back of the bar, brass metal lath and cork will pass between open

beams that transfer onto the ceiling and down to the opposite wall.

An all-new cement entrance way in a special grey coloring will be brush finished for non-slip coming and going.

Duffy thanked the Daly City council, planning commission and building department for their cooperation in the relocation.

A teenager, Boyd concluded, should be exposed to many areas of activity—even to the "square" activities—because such exposure creates the possibility for making the most individual choice in areas of motivation and interest.

Mrs. Fassler has served with distinction on a council which from its inception faced uphill problems with the county's lowest assessed valuation, yet has seen the community grow and develop.

Mrs. Fassler was one of the prime movers in incorporation of Pacifica, was twice named mayor by the council after receiving an overwhelming majority of votes in two elections. She was recently named to the Board of Governors of the new Mary's Help Hospital.

Brisbane Ambulance Also For Bayshore

Brisbane city councilmen in study session Monday night agreed that any future ambulance service to serve their city should also include Bayshore City because of the close geographical proximity of the two communities.

City Manager Lanier S. Brady, however, reported that so far no private ambulance service has expressed interest in a local contract, and one operator noted that he has been underwriting ambulance service in Pacifica. Brady said that as population increases ambulance service will be warranted in the Brisbane area, however. He indicated a preliminary investigation showed it would cost a great deal of money to provide public ambulance service at present.

The council noted that it would be extremely difficult for Daly City to furnish Bayshore City with ambulance service because ambulances would have to be routed through San Francisco.

CHILDREN AND POISONS DON'T MIX

Curiosity is both a blessing and a danger to young children. A blessing because it is a search for knowledge, but a danger because it can sometimes lead to an accidental poisoning. When you have very young children a special effort must be made to keep anything that might be harmful safely out of reach.

When children are old enough to understand they should be strongly cautioned about harmful substances. Should an accidental poisoning occur, or if you should even suspect one, summon your physician at once. If an emergency, call us and we will help you locate a physician quickly.

YOUR DOCTOR CAN PHONE US when you need a medicine. We will deliver promptly to Daly City, Westlake and St. Francis Heights without extra charge. A great many people entrust us with their prescriptions. May we compound yours?

Rams Out of Race by Forfeit

ALL LIT UP—Tommy Ivo's four slicks loose in a demonstration of something or other. State Championship dragsters breaks all Ivo's machine will be at Half Moon Bay for the California State Championships that go off this weekend.

State Championships

Top Dragsters Due At Half Moon Bay

Northern California's auto racing season will reach its peak with the California state championship drag races at the Half Moon Bay drag strip this weekend, May 25 and 26.

The California state championships for fuel and gas will present a fantastic array of top racers running the nation's finest machinery for prizes and awards totaling more than \$14,000. At this time, there are more than 600 entries, including 20 in the AA fuel dragster class. Among these, five cars have traveled the quarter mile in less than eight seconds, and six cars have exceeded 190 miles per hour.

Just to name a few headlines included in the car and driver line-up expected for the big meet:

TV star Tommy Ivo of Burbank, Calif., will put on an exhibition both days in his 2,000-horsepower, four-engine Buick dragster, turning speeds of more than 200 miles an hour. His super-charged Chrysler dragster is one of three cars in the United States to record an elapsed time of 7 seconds.

Hayden Proffitt, 1962 national stock car champion, will drive a 1963 Plymouth. Stone, Woods and Cook of Los Angeles will enter the world's fastest and quickest street machine in drag racing, using a super-charged Oldsmobile engine (145 miles per hour, 9 seconds).

John Mazmanian of Whittier will be on hand with his 1961 Corvette, the most fantastic sports car in drag racing. It has a stock body and turns record speeds of 138 miles per hour with ets. of 10 seconds. Like a regular dragster, he needs a parachute for stopping.

Master and Richter of San Leandro will enter their super-charged Chrysler, the world's fastest car in drag racing—speeds of more than 196 miles per hour.

The Champion Speed Shop Special from South San Francisco, defending state champion of 1962, a super-charged Chevrolet with speeds of more than 185 miles per hour will compete.

Forsberg and Hubbard from Hayward will present the fastest and quickest non-super-charged car in the world. Called the "giant killer," this car is the most feared in drag racing because of its many upsets over highly-rated super-charged cars.

John Peters and Nye Frank of Los Angeles, 1962 drag racing champions of the National Hot Rod Association winner nationals, use two super-charged Chevrolet engines to power their entry.

There will be many more top cars and drivers. All the attention will not be

focused on the cars during the championships, at least not when 16-year-old Miss Tammy Thomas of South San Francisco is around. Miss Thomas has been chosen as the official Theme Girl and will reign as queen over the championship races.

The gates will open at 7 a. m. Saturday and at day-break Sunday, with eliminations for all stock classes and all stock sports cars set for Saturday. Sunday will be devoted strictly to the competition classes, dragsters, roadsters, coupes and all eliminator races, plus the return of the top 16 stockers of Saturday. Eliminations will start at 12:30 p. m. both Saturday and Sunday.

With the late entry of Greer, Black and Prudhomme's super-charged Chrysler from Los Angeles, the list of major world record holders attending the Half Moon Bay event is complete. Their Chrysler is officially the world's quickest car in drag racing at 7.77 seconds elapsed time.

The Burlingame coach, watching his crew lose twice to the Rams, calls them "the best team we've faced—the best squad in Northern California." Burlingame has, according to coaches, the strongest golf team on the mid- and southern-peninsula.

With city powerhouse Lincoln facing the Rams, Giamonna stated that if they can take the San Francisco team, an undefeated season is just around the corner.

El Camino, Oceana Win In League Shakeup

The NPL had its own private earthquake last Friday. It was of the local tradition, including fire, explosion, and smoldering ruin. South San Francisco, El Camino and Oceana were the only survivors. Jefferson and Terra Nova were victims of the tremor, losing 5-4 and 6-4. Westmoor was pronounced dead as a result of fire and explosion.

The quake centered in South City, where the Rams' Bruce Hix protested a balk ruling with too much enthusiasm, and was ejected from the game. Red Losberger then stormed in to "defend to the death" ... but freedom of speech did not prevail. Losberger was promptly tossed out, umpire Bruce Carpenter ordering the Ram mentor to leave the game.

Losberger refused on the grounds that he was the official league scorer; and because, as Losberger stated, "I couldn't leave, I had to supervise the club. As a coach I could not leave an organized group, representative of the student body, unsupervised."

When Losberger refused to leave within the allotted time, the umpire forfeited the game to South San Francisco, ending the game abruptly in the bottom of the third inning. The Rams now languish in third place between the on-rushing El Camino nine and the much improved Jeffs.

El Camino got past the shaken Rams on their 5-4 win over Jefferson the winning run coming via an error on a double steal that allowed Ron Davis to score. The Colts big blow came in the fifth, when Ernie Tressette belted a three run triple. The Jeffs losing pitcher, Mike Gutierrez staged a one man show as the middle of the Jeff attack went hitless; getting four hits in four trips: a double, a triple and two singles.

Sharks got their defensive long overdue Oceana problems in hand long enough to upset favored Terra Nova 6-4. The Sharks were badly out-hit (13-7), but went the seven inning route with only one miscue.

Steve Rentmeester struck for a first inning home run, then picked up three more tallies in the second; waited until the Tigers had tied the

Jeff Crushes Westmoor; SSF Increases Lead

The mid-week baseball wars of the NPL saw Westmoor fall before the fire of Jefferson 5-3, in an upset that provided a fitting prelude to the havoc of Friday afternoon. With identical scores of 8-5, Oceana and Terra Nova fell victim to the hordes from South San Francisco—the Warriors and the El Camino Colts.

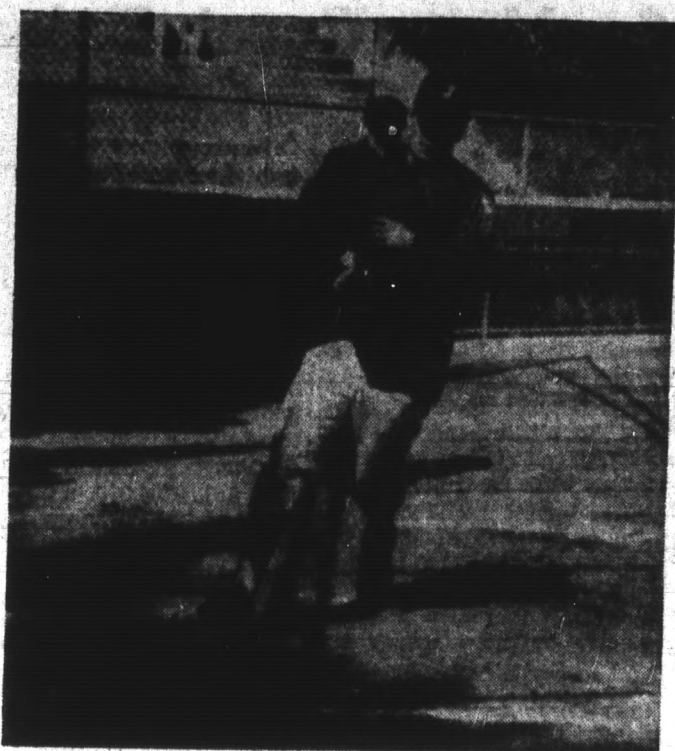

Jefferson jumped off to a two run lead in the first inning, to give pitcher Jerry Sullivan a cushion for his third win. With Larry Keeling lashing a double and a triple, driving in a run in the fifth, and Mike Gutierrez punching two singles for two more runs, the Jeffs began to look like a run-away; the Rams Tito Torres came on in the fifth, however and put out the fire, holding the Jeffs scoreless for the rest of the route.

In the bottom of the seventh the Rams finally unloaded against Sullivan—who allowed only one hit, Dan Payette's double, through the first six innings. Bruce Hix led the charge that netted three runs on four hits.

South San Francisco, behind the hitting power of Neil McNevin, Gary Iacini and Dave Simi, took the lead over Oceana, and won in a race that saw Oceana close at the finish, in a three run dash. Doug Rhodes, Dave Westphal and Don Helms all scored for the sharks after hitting triples.

In the other battle waged in South City, the El Camino nine struck for three home runs to stagger past Terra Nova—who unloaded for two round-trippers. The colts managed to put themselves out of reach by combining two home runs in the fourth inning for a five run session. At that point they were trailing the Pacifica crew 1-0.

A countess is the wife or widow of an earl. A duchess is the wife or widow of a duke.

MIKE GUTIERREZ coming home after long, long triple hit in the first inning. Mike hit like a handit—a double and two singles, in addition to the three-base blast. There is no justice, though, Mike hurled all seven innings only to lose the game via a fielding error, 5-4, El Camino over Jeff.

Westmoor Golfers Take Burlingame - Number 17

The Westmoor golf team whipped Burlingame, 14-7, at the loser's Crystal Springs course to keep their undefeated season intact. The Rams now own a 17-0 record—a feat that led Coach Giamonna to call them one of the best teams in Northern California.

The Burlingame coach, watching his crew lose twice to the Rams, calls them "the best team we've faced—the best squad in Northern California." Burlingame has, according to coaches, the strongest golf team on the mid- and southern-peninsula.

Jim Fair and Dennis Mori, who have exchanged first and second places all season, came in at 73 and 74, respectively, at Crystal Springs. Rich Perazzo carded a 75, followed by Tony Bento, Ron Johnson and Steve Baker at 77, 83 and 82. Lynn Stuginger of the losers stole the glitter with a 68 round for the par 71 course.

With city powerhouse Lincoln facing the Rams, Giamonna stated that if they can take the San Francisco team, an undefeated season is just around the corner.

Dodgers Hold League Lead; Whip B.F. Press

The Intermediate League is proving to be one of the best leagues in local ball park history. Upsets are the rule rather than the exception. The PAL Dodgers hold the lead with a 3-1 win, one tie record, but it looks like they will have their hands full keeping their record clean. The Dodgers put Rush Special Delivery Runge on the mound against the Ben Franklin Press team in their latest game. The Press team could not exhibit their opening game form as Runge k'd 12 G. Kubowitz, M. Dowdle, D. O'Donnell and Barry (Scooter) Perrone handled the bit bats that flattened the Ben Franklin Press team 9-3.

Relish Bakery and the Holy Angels Shamrocks fought a close one out with the Bakery Boys coming out on top 8-6. Both pitchers allowed very few hits but walks and errors hurt both teams. Mannini struck out 12 bakery batters, while Yerby could only fan 7 and walked 6. Two fielding plays helped the Bakery, a great running catch by Jim Ragland and Yerby's play to the catcher on a bases loaded situation that retired the side, helping bring home the 8-6 win.

Bender Roofers pulled a real upset. After 4 losses their batters found the range and pounded out 17 hits against the tough OLM Aces. Steve Seager collected 4 for 5. Piercy and Conwell hit 3 for 4. Schultz, Feeley and Green accounted for the OLM hits (11). There were 6 triples in the ball game. Franz of OLM got 1, Wayne Stienert and Ray Mathes smashed 2 each for the Roofers, and Steve Seager got 1. Coach Sam Mannina was well pleased with the 17-9 win.

PAL Cardinals Stay Unbeaten

The PAL Cardinals moved ahead this week with a win over the PAL Braves 5-0. Gary Wilson chalked up a 4 hit shutout in the win. Steve Kirby hit 2 for 2, one a triple. Kirby, Gervertz, Belfrage and Bento accounted for RBIs.

Ron Papes took the mound for the Cardinals against the PAL Yanks and downed them 11-4. Papes k'd 12 men and allowed only 3 hits in the game. Jerry Bento really came through for the Cardinals with a big stick. He blasted out 2 triples, driving in 6 runs. Hackett, Kirby and Papes tallied 2 hits each. Jerry Garibaldi hit a double for the Yanks.

The Yankees dropped another one to the Bender Roofing Cats. Joel Carrara got his second win of the league in downing them. Belli, McGulgan, Abbott, Getchel, Ragland, Brown, Stewart and Carrara pounded out 11-4 win. Dave Belli hit 3 for 3 for the Cats. Baskett, McArthur and Moore were the only Yankees that could tag Carrara's pitching.

The Yanks' week was not a total loss. They picked up a close win over the Holy Angels Colts 6-5. Garibaldi gave up 7 hits to the Colts while hitting 2 for 3. Del Sarto gave up 8 hits to the Yanks which they turned into 6 runs. Joe Morch, the all around athlete from the Colts, hit 2 for 3 for his club.

Tommy Dillon came through for the Colts as a relief pitcher that cooled off the hotshot OLM Leopards in a real upset. Rex Balobi and Joe Morch blasted out the big hits that gave the Colts a tremendous 3 run 4th inning. Jeff Becker slammed out a great triple in the 6th for OLM but the Leopards couldn't put anything with it to change the 4-3 score.

Up jumped the PAL Indians for their first win this week. They broke the Colts in a 10-6 ball game. Joe Morch gave the Indians plenty of trouble. He hit 2 for 3, one a tremendous homerun that tied up the score in the first inning. Ken Kiser gave the Colts only 4 hits in his first win. Mike Farios did him a favor at the plate going 4 for 4 with a triple to help out the Indian scoring. Jerry Manyanes sparked the Indians with errorless ball and 2 for 4 at the plate.

Craig Rosen gave the Bender Roofing Cats a real boost this week with a perfect game from the mound. Rosen allowed the PAL Braves no hits, no runs and made no errors in the Cats' 6-0 shutout of the PAL Braves. Backing him up in the field, Belli, McGulgan, Stewart, and Abbott did a terrific job of closing the gate on Brave hits. Don Getchel hit 3 for 3 for the Cats; 1 HR, 1 triple, and a single.

Lions Crush PAL Sox, 10-3

After taking their lumps last year, the Holy Angels Lions are showing what determination can do. They are sporting an unblemished 5 and 0 record this season. They look like they will be hard to beat. Jack Mingram took the mound for them against the PAL Redsox and allowed the Redsox only 3 hits. Scott welded the big bat in the 10-3 win.

George Harrison Realty faced Scott on the mound in their game against the Lions. He k'd 10 Harrison batters and gave up 4 hits. Mingram and Scott joined the homerun club in this game. Scott accounted for 4 RBIs and Mingram had 3. Lions 9, Harrison 6.

The Lions had to come from behind to nail down OLPH. Mingram had a wild spree on the mound and walked 6 men. This put the Golds ahead. Then Heary, pitcher for the Golds, took the trip down nightmare alley. Scott, Mingram, Horton and Matgen were waiting in the dark. They pounded him. The Lions collected 11 hits, one a homerun by Mingram and bases loaded triple by Doug Matgen. Scott took credit for the win as relief pitcher.

The fast improving George Harrison Realty team laid out the OLM Dons in a well played 4-1 game. Gar Tompkins pitched a fine game for Harrison, giving up 4 scattered hits and 4 BBs. Nick Nicolas, Phil Schmuck, and Bob Locke hit timely singles to break a 1-1 deadlock. Coach Randy Hix commented on the excellent play by Big Mike Farrar behind the plate.

The PAL Giants and Misracks had a real battle. The game went 9 innings to see the Giants come out on top. Don Shotts went all the way for the Giants giving up only 2 hits and striking out 16. Wildness and errors cost him the only Misracks run. It was a 1-1 ball game until Wilcox, Giant outfielder, doubled with 2 aboard. Owens scattered 7 hits and walked only 1 in the close ball game. Giants 4, Misracks 1.

Recognition Given to Outstanding Students

The most outstanding students in fine arts, liberal arts, math and science and vocational arts from both Jefferson and Westmoor High schools were honored at the annual Award Night banquet held last Tuesday night by the Daly City-Colma Chamber of Commerce.

The students, selected by the faculty, that were given recognition are, from Jefferson:

Uliana Malaspina, in fine arts, recipient of a scholarship to University of California and recipient of the Eliot H. Wheeler Scholarship, awarded by the Elks of South San Francisco. She will enroll at Berkeley.

Lowell Williams, in liberal arts, who plans a major in forestry at College of San Mateo that will be continued at University of California. A Bank of America Achievement Award winner, Williams found time to be student body president and to be honored as the Most Outstanding Senator at the Jefferson Model Senate.

Stewart Slinger, in vocational arts, who plans to prepare as an Engineering technician at the City College of San Francisco. Elected as Jefferson's representative to the Model United Nations held at Berkeley, Slinger played a dominant, diplomatically baffling role.

Richard Waller, in science and math, who, with Richard Bjorkland, was named valedictorian of his class with identical A averages. Waller, who

will attend the University of California at Berkeley, received all PAL and NPL honors as a member of the Jefferson football team and, as a member of the track team, was the finest weight man in the NPL winning both discus and shot put events consistently.

Waller, Lowell Williams and Uliana Malaspina are all members of the California Scholarship Federation.

The four students from Westmoor that received the Chamber of Commerce awards were:

Kenneth Gates, in fine arts, who will attend San Francisco State College, and who plans to complete his education with candidacy for a law degree from the University of California. Gates, in addition to being Drum Major and vice president of the Modern Music Masters, was also a Bank of America Achievement Award winner.

Marilynn Wagner, in liberal arts, who plans to attend UCLA, is the recipient of a state of California scholarship and is the winner of an undergraduate scholarship to UCLA. Marilyn also was a Bank of America Achievement Award winner. She plans to major in theater arts.

Patricia Marks, in vocational arts, who plans to enroll at San Francisco State in the executive secretarial course; and is a Bank of America Achievement Award winner.

Kenneth Lehre, in science and math, who plans to continue at the University of Cal-

STUDENTS HONORED by the Daly City-Colma Chamber of Commerce at the annual Award Night banquet, held at Joe's of Westlake, are (from left to right: Back row—Kenneth Lehre, Kenneth Gates, Stewart Slinger and Richard Waller. Drive-In Theater Vetoed by Planners

The Colma Planning Commission in a 3-2 vote, May 16, denied plans for construction of a 1300-car drive-in theater in Colma, just north of the city limits. The denial followed several protests from South San Francisco residents who complained of a flood danger.

Antonio Montoya, a civil engineer and representative of Sunshine Gardens residents, had warned that the drive-in movie scheduled to be developed 200 yards away from Holly avenue in South San Francisco, will increase drainage flow-off so drastically that homes adjacent to Colma Creek probably will be inundated in the first heavy rains.

Montoya said he was successful in delaying plans for the new drive-in when he appeared before the Colma planning commission recently, but asked for South San Francisco support when the commission meets again May 16.

Louis H. Goss, South San Francisco public works director, said when he checked figures of engineers for the drive-in with City Engineer Edwin Smith of Colma he found that Colma Creek drainage will be increased ten per cent instead of the one per cent claimed. He said drive-in engineers had apparently "misplaced a decimal."

Montoya claimed that the 13-acre drive-in theater would be hard-surfaced, vastly increasing the drainage flow. He said the company had based its plans only to satisfy Colma, and did not take nearby homes in South San Francisco into consideration.

Bay Rapid Transit Bill Wins on First Test

Senator Richard J. Dolwig's West Bay Transit bill, S. R. 748, designed to provide a more rapid transit for the three Peninsula counties, San Francisco, San Mateo and Santa Clara, has won approval on its first major test.

The bill, which carries the hopes of many Peninsula rapid transit supporters for eventual coordination in the Bay Area Rapid Transit system (BART), received a "do pass" from the powerful Senate Transportation Committee, the senator said.

It must now be heard by the Senate Finance Committee before being voted on the floor of the senate, and passed to the assembly.

"The day of rapid transit for the Bay Area is fast approaching," Senator Dolwig said this week, "and it is essential that the residents of the Peninsula be able to participate in rapid transit with some measure of home rule."

He noted that San Mateo County removed itself from BART because of this lack, and because of the belief that too heavy a tax burden was being created, among other reasons. Santa Clara County stayed out of BART because of similar objections.

"This legislation will allow for participation by San Mateo and Santa Clara County with San Francisco in a realistic program designed to fit local needs," Dolwig said.

The San Mateo County senator said he was pleased that Senator Collier had accepted an assembly amendment to his one-cent gas tax city-county road program bill, permitting use of funds for local rapid transit.

"This could go a long way toward overcoming some of the objections to rapid transit in San Mateo County," he commented.

In basic outline, Dolwig's rapid transit bill would authorize the board of supervisors of any one of the three counties to adopt a resolution of need for rapid transit operation. (The final program would require approval by two-thirds of the voters.)

Other counties on the Peninsula would be notified and would have 60 days to join with the initiating district in formation of a West Bay Rapid Transit Authority.

After the deadline, however, coordination or participation in the district would require that a contract be negotiated with the initiating county or counties, and be submitted to the voters of each county.

A six-man rapid transit board of governors would be chosen through city selection committees, made up of the mayors or their representatives.

Under the board of governors a study of the rapid transit needs would be made, and a master plan drawn for purposes of submission to the voters.

Three volcanoes in the Cascade Mountains have been active in the past 100 years. They are Mt. St. Helens in Washington, Lassen Peak and Cinder Cone in California.

Urges Yes Vote On Road Bonds

Daly City's boast of being "The Gateway to the Peninsula" could hinge upon approval of the June 4 \$35,000,000 road bond issue, according to Calvin Malone, city planner.

"We can't over-emphasize this county bond issue," Malone said.

"Roads do not respect county boundaries. They cross at will."

"This is a problem that one city can't solve without co-operation of the other cities," Malone added.

An overpass at Alameda and Lake Merced boulevard is one of the road proposals for Daly City.

Right now, Malone said, this is probably one of the most congested intersections in Daly City. "A grade separation right now would be most appreciated by the people in Westlake."

An extension of Southgate avenue tying into Junipero Serra, and Sullivan avenue extended south from Eastmoor avenue is also proposed.

"With Mary's Help Hospital being at this location, I would say the road is indispensable . . . a vital necessity for the city," Malone concluded.

Daly City's share of the cost will be about 4 1/2 million dollars. This will cost the average taxpayer some \$5 per year.

Rummage Sale Set for May 27-28

The "Golden Jubilee" festival committee of All Souls parish has announced its second annual rummage sale, to be held May 27 and 28 at 443 Grand avenue in South San Francisco, next to John's Mens Shop. A large variety of good rummage is promised.

This year's festival is following the theme of "Golden Jubilee" in celebration of the 50th anniversary of All Soul's parish.

"The Place to List Your Home"

TV and RADIO

By MONA BAKER

For ten years a "must see" in the home of every little preschooler has been television's "Adventure School" with Marlen Kochler Rowe. More than 10,000 boys and girls, including many little tots from our area have attended "Adventure School" in the studios.

The program consistently has been of the highest caliber, always a memorable experience for youngsters who participate as well as children at home. Mrs. Rowe, a trained nursery school teacher, guided the children through the program so skillfully that they completely forgot about being on camera. The result was a refreshing and thoroughly entertaining, lively show.

Mothers learned, too, because they watched Mrs. Rowe handle problems that they many times face at home with their own tots.

Now the program has gone off the air. Last week was the last telecast. We are extremely disappointed because we feel the program is a real loss. Pre-schoolers are avid television viewers and we need programs on television which educate as well as entertain.

This is a situation where viewers can make their wishes known. If you have young children at home and want "Adventure School" to continue, write to Mrs. Rowe at 1258 Lombard street, San Francisco. She is most anxious to hear from mothers and interested viewers. Your letters do carry weight, and may be helpful in bringing "Adventure School" back on the air. Write today!

COMING PROGRAMS: Two important TV dates this week over KPIX: "Across the Seven Seas" (KPIX, May 23, 7 p.m.) visits Cairo and Tokyo, and on May 24, 7:30 p.m., eighth in WBC's monthly specials for young people titled "Folk Songs and More Folk Songs."

Over NBC, KRON-TV, the 15th annual presentation of "Emmy Awards" to be seen on May 26, at 10 p.m.

"John Gunther's High Road" visits "Togoland" over KTVU, May 23, 8:30 p.m.

"What About Teen-Agers?" is the subject of "Open Mind" over KQED, May 24, 10 p.m.

The picture story of building of California's first railroads over KGO-TV, May 26, 2 p.m.

J. H. Terwilliger Is Gun Crew Member

J. H. Terwilliger, 19, seaman apprentice, USN, son of Mr. and Mrs. A. H. Terwilliger of 216 Hillcrest drive, Daly City, was a member of the gun crew of the stores ship USS Graffias when she received a mark of outstanding marksmanship during recent firing exercises.

She received an "E" award for having the highest efficiency mark among service force ships in this fiscal year.

The Graffias carries four three-inch gun mounts. They are used for anti-aircraft and short-range surface bombardment.

The ship operates from Sasebo, Japan, as part of the Seventh Fleet and is an instrument of national policy and good will in the Far East.

Local Soldiers in Exercise Grand Slam

Two Daly City soldiers, Pfc Frank G. Vlahovich and Pvt. John H. Tabor, took part in Exercise Grand Slam II, May 2 through May 7, with other members of the 14th Armored Cavalry Regiment in Germany.

Elements of the Canadian, French and German armed forces also participated in the test plans and procedures of NATO forces assigned to exercise which was designed Central Europe.

Vlahovich, assigned to Troop F of the regiment's 2nd Reconnaissance Squadron in Germany, entered the Army in March, 1961, and completed basic training at Fort Ord, California. He arrived overseas in August, 1961. The 19-year-old soldier is a 1960 graduate of Jefferson High School. His parents, Mr. and Mrs. George Vlahovich, live at 173 Gambetta street.

Tabor, a driver in Howitzer Battery of the regiment's 2nd Reconnaissance Squadron in Germany, entered the Army in April, 1962, and completed basic training at Fort Ord. He arrived overseas in September, 1962. The 20-year-old soldier is a 1960 graduate of Cheyenne, Wyoming, High School.

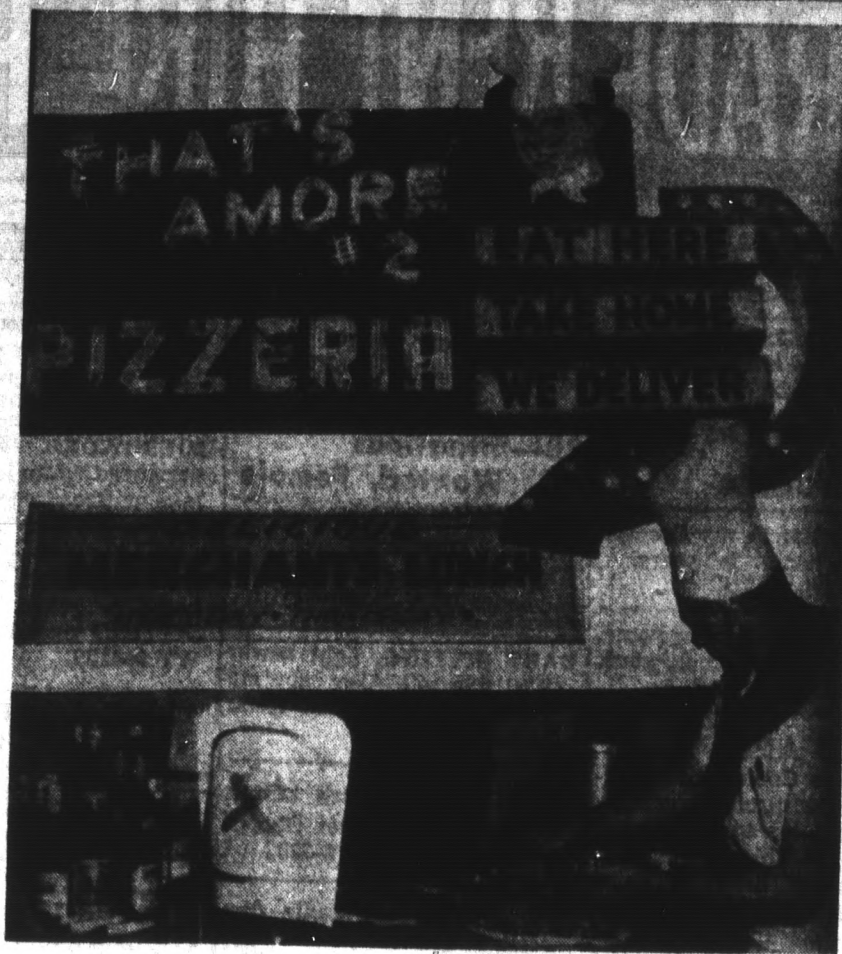

In 1960, there were 854,000 employed engineers in the United States, compared with 520,000 in 1950, an increase of 64.3 per cent.

Palm trees waving in the ocean breeze, spring blossoms twined around a long ramp at the end of which is a gaily striped cabana. Out of the tropical cabana will step beautiful House of Charm models as Penneys presents a swimwear fashion show on the Westlake mall this Saturday with two showings at 12:30 p.m. and 2:30 p.m.

Jetting up from Los Angeles for the show will be Joanne Vilardi, special representative of Sea Lure Fashions who will be the commentator. Among the lovely models will be Sally Hamberlin (Miss San Francisco of 1962) who lives in this area and is now attending San Francisco State.

We were given a sneak preview of some of the bathing suits that will be modeled and all we can say is "wow"—helenca stretch suits in dramatic black and white print, featuring long torso, orange and shocking pink combined in bright prints, high fashion blouson style in chartreuse. And the accessories—imported straw hats and matching bags, jeweled gold thongs that add just the right touch.

By the way, to complete the afternoon and a most hospitable touch, both coffee and punch will be served and Adeline Bake Shop will supply free cookies.

Do plan to drop by. If you have any questions about any of the suits Miss Vilardi will be in the store on Friday and Saturday to chat with you.

The mother of six lively boys is our leader this week who still finds time to serve her community. She has just been elected president of the Holy Angels Women's Guild for the coming year. Previously she served two years on the executive board, sang in the church choir for nine years and was a chairman of the fashion show and bowling team.

She has also given generously of her time to other community projects. She was an Indian Guide mother, organized a Cub Scout troop and is at present a "Kip" mother. She also has worked with patients on craft projects at Letterman Hospital one day a week.

We salute Jean Cain as community leader of the week! Residents of the area since 1949, the Cain family, husband Tony, and boys, Chris, Tim, Anthony, Bryan, Danny, Philip, live at 145 Mariposa in St. Francis Heights. The family's pride and joy is their beautiful summer home at Cobb Valley which Tony built.

Certainly a club group that rates a salute is a group of ten women who call themselves, "The Faithful Friends." They have been meeting together monthly for fifty years ever since they were teen-agers. Over the years they have crocheted hundreds of colorful and beautiful afghans which they have presented to the Red Cross for the use of patients in hospitals. All of the women are native San Franciscans (with exception of two sisters who came to the Bay city as babies), they were all educated in San Francisco schools and still live in the Bay Area. Mrs. Fred Weber was hostess for the group last week entertaining them in her Westlake home.

FASHION WHIRL: Teen-agers stole the fashion show picture last week with two shows on Thursday, showing clothes all made by the girls themselves. Using a clock motif Westmoor homemaker students presented "Time for Fashion." Certainly some of the cute garments would stop a clock such as the candy-striped tommy coat and yellow pantaloons worn by Carol Benton or the brilliant red cordoroy suit modeled by Maxine Organo.

Homemaking students at Benjamin Franklin opened their show with splashy muu muus modeled by seventh grade girls against a Hawaiian background decor. Rating bouquets too was a lime green suit modeled by Cindy Hay and a red and white pique dress shown by Sherry Bechtold. The show was dedicated to "mothers" and closed with a charming tribute.

A memorable date for members of the new Daly City Community chorus is May 23rd when they make their first official appearance before the Colma PTA. New members include Adela Gamora, Larry Rogers, Linda Thayers, Ellen McNelly, Jack Morgan, and Joseph Bernal.

NEWS NOTES: Entertaining at a mother and daughter spring tea yesterday was Sara Daly, leader of Girl Scout Troop 562. Badges were awarded to members of the troop at the social afternoon held at the Westlake school multi-purpose room.

A social evening is on the schedule of Holy Angels Women's Guild this week when the annual past president's dinner is held this Thursday evening honoring outgoing and incoming officers of the guild.

Coming up in June is the first organized meeting of the North Peninsula Circle Florence Crittenton Home planned for June 10 with guest speaker, John Mongan, principal of Jefferson High school.

D.C. Kids Send Tape to Sydney

Over 200 of the children who attend Christopher Columbus School in Daly City took part recently in the making of an international tape recording which featured American songs.

Under the auspices of the American Junior Red Cross, the three glee clubs of the school, directed by Mrs. Beverly Cooper, voted to send their efforts to Sydney, Australia.

The recording contained a brief description of each song, as well as a background of information about Christopher Columbus School, the three glee clubs, and neighboring San Francisco, all of which was written by the students themselves. Mike Casey, a 6th grade student, read the narration.

The songs included a group of western songs, several Negro spirituals, songs of early

America, and some songs from recent Broadway musicals. The recording opened and closed with excerpts from "Waltzing Matilda," the unofficial national anthem of Australia.

Most of the songs were sung in 2 parts (soprano and alto), and some were done in 3 parts (1st soprano, 2nd soprano, and alto). Christine Van Zandt was a featured bell soloist on the tape.

The Christopher Columbus glee clubs are now hoping to receive a recording of Australian songs from the students in Sydney, and are happy and proud to have shared their talents with boys and girls their own age in a city so far away.

MIKE CASEY, narrator for the international tape recording sent from Christopher Columbus School to Sydney, Australia.

Cupid Hits Mrs. Croly

By BUNNY GILLESPIE
Cupid, that clever little fellow with the bow and arrow, has been at it again... and this time his mark was the heart of one of Broadmoor's attractive young matrons.

Coming as a surprise to even her closest friends and neighbors was the announcement made this week of the marriage of Mrs. Dorothy M. Croly, of 763 Maddux avenue, Colma, to William Gonzalez of 325 Plymouth avenue, San Francisco.

The young couple were married Saturday, May 11, at the home of the bride. Officiating at the ceremony was the Rev. Mr. Estrom of San Francisco.

The new Mr. and Mrs. Gonzalez recited their vows before the fireplace, which had been banked with white spring flowers. For the nuptials Dorothy donned a lovely afternoon frock of powder blue lace and chiffon, onto which a corsage of white orchids had been pinned. She wore a small veiled bird-cage hat of matching powder blue which featured one tiny violet bow.

Bill's aunt and uncle attended the couple. Mrs. Rosamund Malsey served her new niece as matron of honor and Harry Malsey was the best man. The feminine aid wore a muted gold afternoon dress. Her flowers were tangerine-orange roses. The Malseys live at 123 Silliman avenue in the City.

Following their marriage, Dorothy and Bill joined the other members of the wedding party for a festive dinner in the Venetian Room of the Fairmont Hotel. The couple will reside on Maddux.

Dorothy, who has lived in Broadmoor for approximately nine years, was formerly affiliated with the John Perry Realty Co. Her husband is the proprietor of the Gonzalez Freight Lines in San Francisco. He is a member of the Drayman's Assn., the St. Vincent de Paul Assn., the Godfathers Club of S. F., and the Apostleship of the Sea Assn.

Ruef-Machi Vows Read

Future residents of Westlake are the recently-wed Mr. and Mrs. Frank Anthony Machi, who exchanged vows at St. Gabriel's Church.

The bride is the former Miss Mary Claire Ruef, daughter of Mr. and Mrs. Edward J. Ruef of San Francisco, and her husband is the son of Mr. and Mrs. Peter Machi of San Francisco.

For the noon nuptials, Mary Claire selected a gown of candlelight satin that had been styled with a chapel train, long sleeves and a bodice and train that had been applied in lace. Her short veil was secured by a crown of pearls.

The bride's wedding bouquet was of white roses and orchids.

Anna Ruef, the bride's sister, served as maid of honor with Catherine McDonald, Margaret Carson and Joan Collins as bridesmaids. Their frocks were lavender silk chiffon sheaths and they carried arrangements of shocking pink roses with ivy.

Tom DiMaggio served as best man for Frank, and the bridegroom's brothers, Eugene Machi and Peter Machi, seated guests with Les Ferroggiaro. Officiating at the ceremony was Father William McGuire.

The bride's father, Edward J. Ruef, had escorted his daughter to the altar, which was decorated with white flowers of the season.

Following the wedding, the newlyweds greeted friends at a reception in the California Club. Mrs. Ruef greeted her guests wearing an apple green silk sheath, with a matching jacket, and the bride's mother wore a pink chiffon sheath.

The bride donned a three-piece pink wool suit, with matching hat, for her wedding trip to Las Vegas, Carmel and Lake Tahoe. The couple will be at home at 90 Lakewood drive in Daly City.

Mary Claire is the sister of Catherine McDonald, Richard Ruef, Charles Ruef and Anna Ruef, and she was graduated from Mercy High School and the Grace Ball Secretarial School. Her husband was graduated from St. Ignace High School and the University of Santa Clara.

'MEMOS' FROM YOUR Stylist

By MR. ROBERT

The days when one could tell at twenty paces whether a woman's hair was colored or bleached are gone—happily. New techniques and wonderful new products now allow women to have their hair tinted becomingly and — if they prefer — unobtrusively. The great new strides in tinting — as opposed to yesterday's dyeing — have done away with the flat colors, blending is beautifully natural and allows harmonizing between skin and hair. Also, retouching is much less a problem with the newer techniques.

Speaking of problems — there are few hair problems which aren't beautifully solved at MR. ROBERT'S SALON OF BEAUTY. Whether it be a tint, a permanent or the latest in hair styling, you can be assured of professional attention at MR. ROBERT'S SALON OF BEAUTY, 198 School St., Phone WY 2-1717.

Students Stage Clothes Parade

Fashion show attendance was the "thing to do" Thursday afternoon as not only one but two student creation displays were presented for the amazement and amusement of mothers and friends of youthful Daly City needle-wielders.

Staging the clothes parade were Westmoor High School and Benjamin Franklin Intermediate School, institutions of higher learning which, for the sake of some of the attendees, might have spaced their shows a day apart rather than a scant hour distant. Patrons with participants in both schools found the warmish afternoon rushing a bit fatiguing, although noble efforts were made to "cover" both events by quite a few interested mothers.

The twisty route between the two schools has never been more thoroughly traveled in one afternoon, as parents and students passed one another, treading show-ward or home-ward with a spirit of gaiety.

"Time for Fashion" was the Westmoor theme and its 3 p.m. show displayed the talents of the Homemaking Department, both in needle work and in culinary art.

Teachers Aileen Kelly and Janet Sweeney are to be commended, along with student teacher Stephanie De Gorgo, for their remarkable efforts in organizing the mammoth affair.

Just prior to the show Mrs. Roy Milam and her 1963-64 corps of PTA officers had been installed and the final meeting of the current PTA year brought to a hasty and efficient conclusion.

Typifying the "Time for Fashion" theme was the huge clock backing narrators Pamela Altman and Frances Rogers. Easily six feet in diameter, the time piece was the handwork of the Industrial Arts Department. Smaller replicas graced the tea-tables and programs in the shape of clock hands listed participants and provided vivid splashes of pink and orange. Music was under the baton of Howard Leffer.

At Benjamin Franklin School the theme was strictly Hawaiian, with travel posters and muumuu-wearing hostesses bedecked with floral and paper leis.

The 4 p.m. show was given by the 8th grade Homemaking Classes, but there was just a scattering (7 in fact) of seventh graders modeling clock-looking summer shifts.

The narrator for the parade was eighth-grader Karen Baske, who did a charming job of describing the numerous models. Approximately 105 young ladies participated in the gala event, under the supervision of homemaking teachers Pat DuVall (for the 8th graders) and Pat DeBock (for 7th and 8th graders).

Diane Ellis was chairman of the decorating committee which colorfully carried out the island theme. The entrance to a polynesian hut backed models and shared stage hon-

ors with a gigantic pineapple, the art work of Pam Eagleton. Karen Anderson was the refreshment chairman.

Among the traversing spectators who enjoyed the styles, edibles and potables at both institutions we noted Ruth Huelsa (president-elect of Jefferson High School PTA) and Bernice Cunningham (who had served as installing officer for the new WHS officers), Hazel Eagleton (who was one of those installed at WHS and the parent selected to voice a "Tribute to Daughters" at Ben in addition to gifting home-making teachers DuVall and DeBock with corsages of appreciation) and Evelyn Long (whose daughter Linda was in the Westmoor show while Janet was modeling at BF)...

Glimpsed in the crowded audiences were busy-moms Eunice Altman, Ann Hollenbeck, Kay Mattson (with husband Carlos in tow to view daughter Karen at WHS), Winnie Morgan and Dorothy Orlich (a spy from the YWCA fashion show planning group), teacher Carl Hunter (who forsook his own campus to travel up the hill) and Dale Teffault, who joined friends to watch daughter Denise tread the boards at Ben.

All in all, it was a wonderfully feminine and style-conscious afternoon. And who cares how many calories were dispensed from those pretty tea tables... B. G.

Miss Millie McCallum, retiring honored queen, will install the new officers. They are: honored queen, Diana Carlsen; senior princess, Bonnie Cameron; junior princess, Linda Clayton; guide, Jenny Lee; marshal, Darlene Heil; inner guard, Arlene Hewlett; outer guard, Karen Colligan; musician, Barbara Hedani; librarian, Patty Lee; recorder, Judy Allyn; treasurer, Ellen Holliday; chaplain, Kay Langlie; senior custodian, Cheryl Gonzales; junior custodian, Nancy Holt; 1st messenger, Sharon Kreutzberg; 2nd messenger, Jean Ferguson; 3rd messenger, Beverly Mayfield; 4th messenger, Allison Lasley; and 5th messenger, Dorcas Higginbotham. These girls will be in office for six months.

The installation theme will be "Friendship Circle of Faith," and will be carried out in the colors of lavender and purple. The installing officers will be past honored queens and majority members.

BEN FRANKLIN school models (from left) Joan Katto (sheath), Linda Baatedo (capris and jacket) and Sherry Bechtol (summer dress, floral print) model their own creations.

ALCW Hoolaulea Is Mother-Daughter Fete

Aloha Nui Nui! was the greeting issued to attendees at the Mother and Daughter Hoolaulea hosted the evening before Mother's Day by the women's group of the Westlake Lutheran Church.

The 5 p.m. luau included mauna loa punch, paina puua, lama mea huna, pupu, paina uala, mai kai mix, popoli bread, wela inu, waiu and ono pau, which added up to a delicious ham dinner featuring yams, mixed vegetables, island fruit salad and pineapple rice dessert.

A colorful highlight of the evening's programming was the appearance of a specially-trained dance ensemble under the direction of Mrs. Dorothy Greenstrand. Participants, all members of the young miss set, were Elaine Laingen, Becky LaShance, Lynne Vinje and Linda Hopman. Providing rhythmic accompaniment on the bamboo Pu Iliis were Sheryl Phelps, Chris Hodgkiss and Debbie Hansen.

Mrs. Greenstrand, Elaine Laingen and Becky LaShance also appeared as Hawaiian-dance soloists.

The chairman for the dinner, to which matrons and misses wore their finest of Hawaiian attire, was Mrs. Alpha Jaranson. Serving with her on the food committee were De-Cora Garden, Gwen Ayers, Marie Stoa, Alice Putz, Betty Loftness, Margaret Hammer, Maria Hammond, Harvor Vinson, Lucille Laingen, Bette Wechsler, Claire Pederson, Mary Sharratt, Lois Kornahrens, Marian Kraling, Esther Howard, Luverne Taylor and

The serving committee and kitchen was staffed by Jim Ayers, Martin Janssen, Art Jaranson, Les Laingen, Tom Gilbertson and Bob Greenstrand. Also helping to fete their ladies for the evening were table-committee members John Hodgkiss, Mel Jaranson, Dave Taylor, Eugene Totten, Michael Totten, Gary Wechsler, Chester Doerr, Hep Klem and Jim Putz.

Highly attractive program covers had been executed by Gary Wechsler, with content by Dorothy Greenstrand and

Virginia LaChance.

Decorations that truly set the Hawaiian luau tone were by chairman Dorothy LaChance and helpers Gary Wechsler, Dorothy Greenstrand, Kathy Levig, Virginia LaChance, Bob Greenstrand and Jim LaChance.

Tickets and ticket sales were handled by Esther Howard, Alpha Jaranson, Marj Stoa, Gwen Ayers and Dorothy LaChance.

Playing an important part in the evening's festivities were the Tributes to Daughters and Mothers, read by some of the younger members of the party, and the presentation of flowers to special guests. Esther Janssen was in charge of the floral gifts.

Officers of the ALCW, this year are Marian Kraling, president; Bette Wechsler, vice-president; Marjorie Stoa, secretary; Lucille Laingen, treasurer; Ethel Hansen, general advisor; Jeanette Levig, secretary of education and Dorothy Greenstrand, secretary of stewardship.

Focus On Youth For Webster PTA

Daniel Webster PTA held its regular unit meeting for May recently in the school's multi-purpose room.

Representatives from six youth organizations presented the colors and led the salute to the flag. Glen Forcum, sixth grade teacher, gave the character thought for the evening.

Brief business matters were quickly taken care of and the meeting was turned over to Mrs. Jerome Gayne, vice-president and program chairman. Mrs. Gayne's program

"Focus on Youth and Youth Organizations" started with Boy Scout Troop 84 conducting the opening ceremonies of a Court of Honor. This impressive ceremony starts on a darkened stage, one by one, the Boy Scouts salute their Scoutmaster, light a candle, then recite one of the following: the Scout Oath, motto, slogan, and the twelve Scout laws.

The Happy Blue Birds, Group 246, sang two of their songs and recited the Blue Bird Wish.

Campfire Girls were wearing their interesting jackets, which are decorated with various beads, badges, pins and patches. They explained what these represented and told about other awards and the three ranks of the Campfire Program.

Den One, Cub Pack 69, entertained with a humorous skit which told, in rhyme, about the various activities and achievements that are part of Cub Scouting.

Brownies from Troop 59 performed two hula dances. They had learned these to entertain their fathers at their father-daughter dinner.

Girl Scouts of Troop 626 introduced themselves, and gave their Laws and Promise. Individual Girl Scouts then explained the eleven program fields of Girl Scouting.

The program was very informative and most entertaining. Sixth grade mothers served refreshments following the meeting.

and San Jose avenues. Mrs. S. Williams is the PTA president.

Dragon Boat Bay Cruise

A "dragon-boat" 3-hour bay cruise in a chartered vessel, with a catered supper and dancing to the music of Walt Tolleson's trio will be sponsored by the 965 Clay street, San Francisco, YWCA Center, this Saturday. Guests will board at Fisherman's Wharf from Pier 43 1/2 at 7 p.m. Sailing time will be 7:30 p.m.

Tickets, now on sale at the Clay center, are \$4 for YW members and \$4.50 for the general public. For reservations, readers should phone YU 2-3922.

The cruise heralds next month's Dragon Boat Festival, celebrated by Chinese people throughout the world on the fifth day of the fifth month of the lunar calendar, for more than 2,000 years.

The festival commemorates the death of Chu Yuan, the great statesman and poet, who hurled himself into a river and drowned because, despite his efforts at reform, China was politically corrupt, enmeshed in wars, and apparently headed for self-destruction.

In China, races held in flower-garlanded boats represent the crafts in which people took to the river to recover Chu Yuan's body after his sacrifice. The Chinese people, on this day, eat a special variety of dumplings made of sticky rice, wrapped in leaves and steamed. Some of these dumplings they throw in the river to "feed the dragons and serpents" to keep them from devouring Chu Yuan.

Westmoor PTA Grants Four Scholarships

On the basis of their needs and qualifications, four Westmoor High School seniors have been granted scholarships by the Parent-Teacher Association meeting held May 16.

Recipients are Jim Rutledge, Mike Hunter, Gloria Moore and Ricky Spector and all plan to attend the University of California at Berkeley this coming fall.

Jim Rutledge, who is active in the Science Club, will major in chemistry and will also expand his writing career from that of a page editor on the Rampage to a journalism minor.

Another Science Club enthusiast, Mike Hunter, will join his brother, Richard, at Cal, where he plans to focus his talents on architecture. Presently on the track team, with the high jump as his specialty, Mike demonstrates his interest in diversified fields.

Well known around the campus is politically minded Gloria Moore. Recently elected as councilwoman in the Daly City Youth in Government program, she is likewise senior class vice president and varsity cheerleader. Presently active in the French Club, Gloria plans to further her linguistic talents at the university.

Ricky Spector, a California Scholarship Federation member, will divide his time between psychology and law. Ricky has interests in a number of activities around the school, but particularly in the Spanish Club, of which he is president.

These PTA scholarships are given in the hope that they will assist each student in his life goals and college plans.

Varied and interesting selections, including classics as well as Latin American tunes, are on the program. The children have been preparing for this festival since the beginning of the year and will play an exciting and fast-moving program under the direction of Wilfred Heys, Boyd Johnson and Rudy Salvini.

The guest conductor, Charles Pettibone, a student at Pacific Manor School, will conduct one of the intermediate band sections.

The concert will begin at 2 p.m., and the public is cordially invited.

SSF Students Plan European Tour

Terry Burns and Betty Schlaepfer have been chosen as foreign exchange students from South San Francisco High School for the American Field Service and Experiment in International Living, respectively.

Betty was chosen to go to Germany and she is now preparing for her departure in June. Betty, seeming very enthused about going, made the following remarks as to why she applied for foreign exchange. "I like traveling and meeting new people. It would be a great opportunity to make friends and to improve the opinion of Americans by Europeans."

She will travel to Europe with other students and business men who are traveling under the foreign exchange program.

As of now, Terry does not know whether he is going or not, for he is having difficulty finding a home abroad. When asked why he applied for foreign exchange, Terry replied, "It will be a golden opportunity to learn many new and different things. Also I would be proud to represent our school and America."

A. Lincoln First Grade Visits Bakery

Two first-grade classes of Abraham Lincoln Elementary School visited the Kilpatrick bakery on Tuesday, April 30. Mrs. Carole Gillis and Mrs. Kathleen Schweitzer's first-graders, in connection with their social studies unit on food distribution, observed at first hand the processing of bread. Their visit to the bakery was followed by classroom work in compiling a book on the "People Who Bring Us Bread — From the Farmer to You."

The students were accompanied by four class mothers: Mrs. Chin Kim, Mrs. Joseph DeBlasse, Mrs. Conte Gressani and Mrs. Ralph Tischbani.

Miss Barbara Bennett's second-grade class journeyed to Kilpatrick's bakery on Thursday, May 2. Their special interest was in watching Michael Morris' father, who was busy in the mixing room.

Accompanied by class mothers Mrs. Jacob Pava, Mrs. Betty Merritt and Mrs. Harold Nattos, the students watched the changing of wheat flour into golden loaves of bread. Each child was given a bun to eat and a "push-out" cardboard truck to construct.

Oceana Joins Terra Nova in Co-Rec Night

On May 17, the A.F.S. of Terra Nova staged a Co-Rec night with Oceana High in order to raise money to bring a foreign student here next year.

The Co-Rec night began at 7:30 and lasted until 10:30. It featured swimming, dancing, volleyball, and basketball.

May 16 was the date of a Tea and Fashion show which was given by the Homemaking classes of Terra Nova for the members of the PTA.

The theme was "Portrait of Fashion," and the girls modeled clothing which they had made themselves.

A Senior Car-Wash was held at four stations in Pacifica on May 19. For 99 cents cars were washed by willing seniors in Linda Mar, Sharp Park, Vallemar, and Pacific Manor. The purpose of the car wash was to raise money for Senior activities.

Mephram will be enrolled in a 10-week class conducting research in nuclear physics. Under the direction of Dr. Harry H. Heckman, the course will be held in the Lawrence Radiation Laboratory. Granting him this opportunity was the National Science Foundation. Mephram was recently honored by the American Physics Teacher Association.

Kauffeldt was awarded his grant for study in "Electrophysiology and Quantitative Biology." Also being conducted at the University of California, the course has, as its main objective, the betterment of high school courses through the use of new, improved techniques. On May 11, Kauffeldt and Darrold Fredericks, a fellow biology teacher at Westmoor, attended a conference at Foothill College which was directed toward this same goal.

G. Washington School News

He said that approximately \$1,000 is spent on each school child in one year. This amount is used for pens, pencils, books, teachers' salaries, maintenance, and other things used for school work.

Also at this assembly there were two exceptionally good pianists, Susan Kim and Richard Saiz, both fifth grade students of Mrs. Clark.

Athletic awards were given to (sixth grade) Mr. Hough's Wild Cats, girls and boys (fifth grade) Mrs. Crews' Golden Bears (boys) and Mrs. Norsworthy's Pirates (girls). The awards were presented by Mike Myehovich, president of the athletic council.

"Our A-1 Used Cars Save You Money Too"

New Imported Car Dealer in Daly City

The Paul Felton British car agency, located at 7555 Mission street in Daly City, has been purchased by Keith Burgess, formerly associated with British Motor Car Distributors, Ltd., of San Francisco.

As did his predecessor, Burgess will continue to handle the complete line of British imported cars as well as a fine line of selected used British cars.

Heading the service department will be Gordon Wilson, a long-time service manager and racing driver in the Bay Area.

The service department employs a full staff of highly skilled mechanics, specializing in imported cars. The dealership has a complete parts department for imported cars.

Donald McFadden will continue to head the sales department and has long been associated with the imported car field on both sides of the Bay and in Europe.

County Flood Control Bill Is Approved

The San Mateo County Flood Control sub-zone bill, sponsored by Assemblyman Leo J. Ryan (D-South San Francisco), amended in the Senate to aid administration of a \$70,000 South Coastside water resources - drainage study, has been approved by the Senate, concurred in by the Assembly, and is now awaiting Governor Edmund G. Brown's signature.

The amendment, undertaken by Senator Richard J. Dolwig (R-San Mateo County) at the request of San Mateo County officials, and accepted by Assemblyman Ryan, answers criticisms of the \$70,000 Water Resources Department budget item for the South Coastside flood drainage study.

The bill sponsored by Ryan and co-authored by Senator Dolwig, was approved by the Legislature April 22 with an urgency clause, and by the Senate May 14. It amends San Mateo County's 1959 Flood Control Act to allow establishment of sub-zones of special economic benefit. Certain improvements approved by the supervisors can be financed through bonded indebtedness, backed up by a maximum tax or assessment rate of 40 cents per \$100 property evaluation.

According to Assemblyman Ryan, his bill, AB 1439, allows the Board of Supervisors to assess within the flood control area according to sub-zones of property benefit, rather than on a straight ad valorem basis. Cities in Northern San Mateo County had objected to assessment where there was little or no direct benefit. In addition, the bill permits a city to elect to pay the cost from its general fund instead of having it go as a special assessment on the tax bill of the individual property owners.

D. Webster Class Tours Museums

Mrs. Heidland's combined morning and afternoon kindergarten classes visited the Museum of Natural History and the deYoung Museum in Golden Gate Park last week.

The children's art being shown currently at the deYoung Museum prompted many of the youngsters to compare it with their own work on art projects this year and their own participation in the Lions Club "Youth Art Exhibit" at the Daly City War Memorial Building as well as with the Daniel Webster School-wide Art Exhibit, both held earlier this year.

Mrs. Kellogg's and Mrs. Megquier's first grade made a study trip to the Westlake branch of the Daly City library last Wednesday. The fifty-eight youngsters were checking up on the duties and activities of the librarian as a community helper.

The librarian, Miss Rosemarie Kraus, talked to the children about the care of books and showed several types of books that might interest children.

The sixth grade class in Mrs. Cameron's room presented an assembly program to the fourth, fifth and sixth grade classes on Friday, May 17. Theme of the program was UNESCO, the United Nations Education, Science and Cultural Organization.

The presentation was an outgrowth of the recent participation by Daniel Webster School children in the UNESCO conference held in Burlingame on May 3 for school children throughout San Mateo County.

Representatives at the UNESCO conference were Mark Schulkamp, Dyan Duling, Paula Cohn and Annette Reed.

FUND DRIVE — After two years of careful study and planning, the campaign for funds for the new Mary's Help Hospital in Daly City was launched Saturday night, May 18, at the Annual Fuchsia Ball in the Hotel Fairmont. The ball is sponsored by the Ladies Guild, an auxiliary organization of several hundred members who assist the Daughters of Charity as volunteers in the operation of Mary's Hospital. The new facility for which ground was broken recently, will cost \$8,400,000, of which amount \$1,500,000 will be required from public subscription. In the picture above, Mrs. Hunter W. Duvall, President of Mary's Help Guild, is presenting Sister Hermine, Hospital Administrator, with a subscription from Guild members totaling \$50,000.

Plan Commercial Development in Sharp Park

A long range plan to guide the future development of the Sharp Park area between the Sharp Park school and the golf course and between the highway and the ocean into an almost entirely commercial area was approved by Pacific planning commissioners Monday night.

Approval of the plan completed the commission's second major project of the year, as at a previous meeting a master zoning study was okayed and sent on to city councilmen for final action.

The new plan, which has undergone more than a year's study, envisions the area between the highway and Palmetto avenue as almost solidly commercial and as one of the city's main business areas.

Paint Firm — As an example of future development for the area, commissioners noted a recently completed paint manufacturing firm at the corner of San Jose and Palmetto avenue.

The new plan provides for the widening of streets, increased set-back lines and off-street parking and special diagonal parking along many streets.

Final approval must be given the plan by the council. Looking towards the coming year, planners last night recommended that some \$5000 be allocated in the city's next budget for professional planning. Commissioners proposed that \$500 be provided to finance a master development plan for the southeastern part of the city, that \$600 be allocated for an annual review of the city's master development plan, that \$100 be allowed for preparation of a high rise apartment ordinance, and that \$700 be allocated for unforeseen studies. It was suggested that funds be allocated for a full-time planning technician, and that a professional planning consultant be retained for special studies.

Better Business Bureau Warns Against Swindles

The seasonal increase in calls for information on home improvement, contracting firms and individuals has brought to the Better Business Bureau's attention the possibility that the terrible Williamsons may be with us again. For more than 50 years, police all over the country have been stymied by this elusive clan which preys on suckers and old people.

The 111 Better Business Bureaus have been deluged by hundreds of complaints from the victims of this gang. They stick to three main types of merchandising swindles. They peddle at "fantastic bargain prices" supposedly rare hand-made imports which are actually cheap, machine-made domestic goods. They have been known to display fabrics of good quality and then substitute inferior merchandise on their unsuspecting customer.

The second type of swindle, which happens to be the one your BBB office has received reports on, is oil treatment of roofs. The current crews prow through the countryside and cities looking for peeling houses and barns. They go door-to-door with their business cards and offer a ten year certificate of guarantee. They promise a fast cut-rate job with nationally known paints. The hopeful bargain hunter, deluding himself that he is getting a good job at less than the fair price his local contractor quoted, gets a job done with a few dollars worth of interior or adulterated materials which wash off with the first rain leaving the house and grounds an ugly mess.

The third swindle, which is prevalent throughout the midwest, involves the installation of lightning rods. Door-to-door salesmen, impersonating electrical engineers, complete with fraudulent university diplomas, endorsements from insurance companies, offer factory guarantees of free maintenance for five years. They fasten to the roof a rigging consisting of rope or wood painted to look like me-

tal for which they charge \$200 to \$300.

The Better Business Bureau has been counseling for years the American public in the press and on the air the four elementary precautions against door-to-door selling.

1. Demand and verify the peddler's credentials and license to peddle.
2. Reject offers that are "confidential."
3. Beware the dramatic appeal.
4. In doubt, call your nearest Better Business Bureau.

Coyotes Visit Class

Mrs. Jean Oberlander, 4th grade teacher, whose group is studying on the social studies unit, California Wildlife, brought two live, six week old coyotes to share with her class and the other students at Vista Mar School.

These two animals were found by a student at S. F. S. C., when she was visiting on a farm in Los Banos. The farmer had recently shot the mother of the six coyote litter, and had saved these two babies.

A live and visual concept of this type does much to support academic and factual material developed in units of work. Mrs. Oberlander's class voted on names for their temporary pets. Names selected were: Cheyenne for the female and Flash for the boy.

HOLDING COYOTES — in Mrs. Oberlander's class at Vista Mar School are (from left) Constance Gerber, Mrs. Jean Oberlander, 4th grade teacher and Jerry Kamp.

Underseas Drama By Cub Pack 84

Highlight of the April pack meeting of Cub Pack 84 was the underseas drama presented by Den 8. This exciting saga of the ocean starred Mike Brandt as the hero, Phineas the Whale, who rescued Susie Starfish, as portrayed by Jack Jacob, from the desperate water bandits; Louis the Lobster and Clem the Clam, played by Kim Blake and Ricky De Leon.

Mrs. Thomas Gonzalez, den mother, and the entire cast were roundly applauded for their sterling effort.

The traditional wolf howl greeted three new Bobcats—Peter Filkins, Raymond Crapso and Samuel Garcia.

Prizes for the Pinewood derby winners were awarded by Chairman Fred Adams, who complimented all the boys, not only for their handiwork but for good sportsmanship as well. First place winner was Dave Gonzalez, Den 8; second place, Don McMillian, Den 2; and third place, Lee Shackelford, Den 10. Many of the boys will display their fine models at Scout-O-Rama in May.

Pack 84 will soon close its membership drive, and interested boys are urged to contact Cubmaster Joseph Monks at PL 5-4081, or Mrs. George Brandt, counseling den mother, at PL 5-6942 for information.

Second Grade Studies Trains

The second grade classes of Miss Mary Helen Menore and Miss Susan Shaffer at Vista Mar School have been involved in a very interesting and thorough study of transportation in its many varying aspects. Many practical experiences have enriched the children's backgrounds and understanding on the subject. A recent study trip to the train station at Third and Townsend in San Francisco provided the opportunity to observe an important aspect of transportation in operation. They saw ticket selling and purchasing, the baggage operations, and were taken on board a train.

Follow-up activities will include the writing of creative stories about the trip and discussions.

Broadmoor Presby. To Staff Conference

For the second consecutive year, the entire teaching and recreation staff of the Presbyterian Family Conference at Lake Tahoe will be drawn from a local congregation, Broadmoor Presbyterian Church, Tom House, in charge of staff arrangements for the conference, completed his roster of teachers for the week-long gathering at the Zephyr Point grounds on the east shore of Lake Tahoe, 4 miles north of Stateline, Nevada.

Returning for their third year at Tahoe will be Shirley Pappas, Bunny Gillespie and Ken Gillespie. Leah and Tom House will be at the Conference for their second year, while Bernice Hamilton, Linda Lee Bolen and Elizabeth Hopkins will be making their initial visit as teaching staff members. The conference runs from Sunday, June 30, through Saturday, July 6.

Presbyterian Family Conferences are held twice yearly at Lake Tahoe, to afford a week's experience in camp life for families from all over the West Coast in one of the loveliest areas of the world. Zephyr Point is a two-hundred acre site, clinging to the hillside above Lake Tahoe, with conference accommodation for about two hundred people, and 85 cabins which are privately owned, but maintained by the Conference Grounds management.

This year's first Family Conference (the second is held at the end of August) is the 18th annual gathering, during

which three faculty members hold informal morning discussion sessions on theological and social issues, for adults and senior highs, while the younger conferees are in classes according to age. Afternoons are free, and evenings are for fun and recreation.

Faculty members this year are the Rev. Harry Monroe, of Aberdeen, Maryland; the Rev. William Carl Thomas, of Orinda-Lafayette, and the Rev. Dr. James Glasse, currently teaching at the S. F. Theological Seminary at San Anselmo. Dr. Glasse is the son of the Rev. John Glasse, the founding minister of Broadmoor Presbyterian Church.

Shirley Pappas and Linda Lee Bolen, Shirley's younger sister, will care for the 2 to 5 year olds. The under-twins are cooperatively handled by their attendant mothers. Primary department children will be under the care of Bunny Gillespie and Leah House. The Juniors will be instructed by Elizabeth Hopkins, while the Junior-Senior High group will be led by Bernice Hamilton. Ken Gillespie is director of recreation for the Conference.

Broadmoor Presbyterian continues its twin 9:30 and 11 a.m. services each Sunday through June 9, after which, until the second week in September, a single 10 a.m. Summer Schedule service will be instituted.

The Feast of Shavuos was originally a harvest festival, recording the time when, seven full weeks after planting grain, the first fruits of the field were harvested in Palestine. The choicest of these were then taken in a religious pilgrimage to the Temple in Jerusalem.

Road Bond Election

The progress of Daly City during the next half century will no doubt hinge upon its highway system.

Approval of the \$35,000,000 county-wide bond issue June 4 would fill critical gaps in the county's road network, primarily the arterial "feeder" routes and access roads to present and proposed state and federal freeways.

The plan, which could cost the average householder \$5.30 per year, would make up for the serious lack of east-west roads in northern San Mateo County cities.

The plan points out that this county of more than 500,000 people, a quarter of whom are employed, is expected to grow to some 900,000 people by 1990.

In the next 30 years the number of daily auto trips will increase from 367,000 to 939,000.

Engineering studies show that the current annual cost of less than \$2,000,000 by city and county agencies for local street improvement is inadequate to meet even current highway needs.

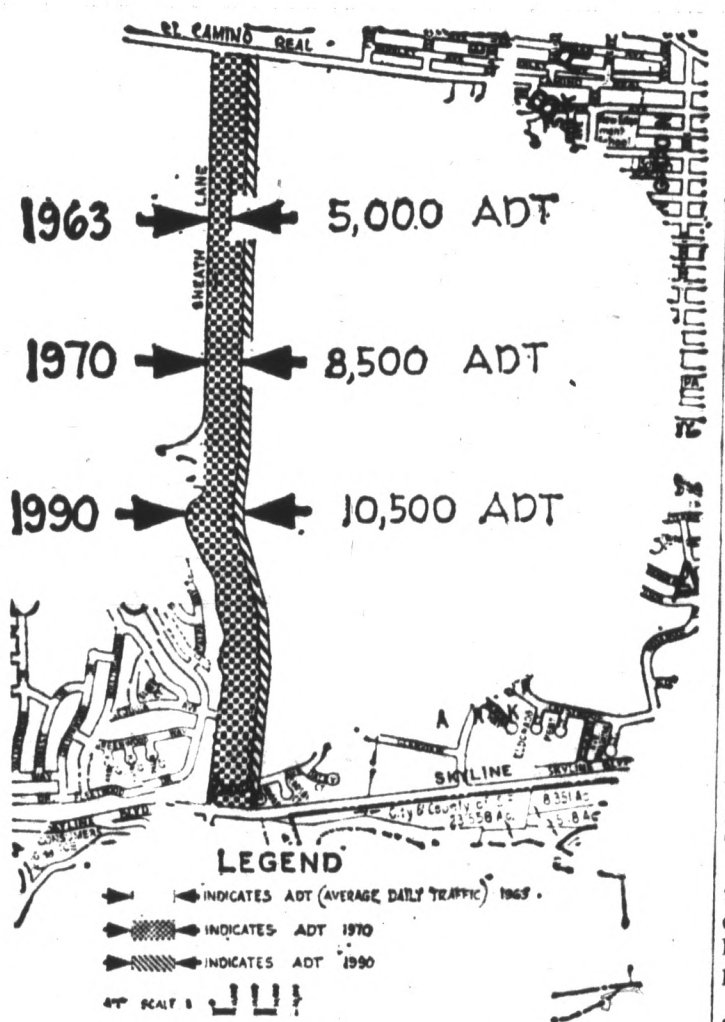

A balanced network of local roads for the remaining part of this century is estimated at \$115,000,000.

The \$35,000,000 bond issue up for approval in this election would finance the first of three ten-year stages of construction outlined in the plan and would fill the ever-widening and critical gaps in the county's road network.

Let us hope that Daly City 1961 Centennial slogan of "A Century of Progress in Half the Time" will not be in vain and that another century of progress will continue.

A good road network would prevent traffic congestion and promote future industrial and commercial development.

The Times-Record urges a "yes" vote June 4.

Southgate, a four-lane undivided street, will connect the present Southgate Avenue with the relocation of Chinese Cemetery Road. Hickey Blvd., in South San Francisco, will be extended to connect Junipero Serra Blvd. to Skyline Blvd. with a four-lane undivided arterial. The \$35,000,000 bond issue to finance the first stage of the City-County Highway Plan comes up for vote June 4.

County Gets Highway Taxes

San Mateo County has received \$177,974.93 as its share of highway users taxes distributed during April, Alan Cranston, state controller, reported this week.

Cranston said the total distribution was \$31,019,135, with \$20,251,418 going to the state highway fund; \$7,765,784 to the counties and \$3,001,933 to the cities.

The distributions were derived from \$28,818,559 in gasoline taxes; \$1,839,186 from diesel fuel taxes; \$359,822 from the motor vehicle transportation tax fund and the balance from miscellaneous sources.

THE AMERICAN WAY

A Dead Goose Lays No Eggs, Pays No Taxes

The View From . . . Behind the Badge

Written and Edited by Daly City Police Department

National Police Week . . .
The week runs from May 12 to May 18 and is called National Police Week. It is an effort to help overworked law enforcement agencies reduce crime.

Other people speak and write of this week during this week, and they rightly proclaim that the effort is also to improve the moral and spiritual standards of the United States. We agree that this is part of the effort. The working policeman is primarily and realistically concerned with the crime reduction aspect, however.

The week is proclaimed by President Kennedy on the Federal level, and by Mayor Verducci on the local level. The main purpose is to reduce crimes of all types, but especially that difficult to define thing known as juvenile delinquency.

Can You Afford This? . . .
A daily newspaper has been running articles on cost comparisons of government. The paper asks if you, the citizen and taxpayer, can afford the costs that are represented in the articles.

We ask if you can afford the costs that are listed in this article—and we do not speak here of spiraling governmental costs as such; rather do we speak of the costs to the nation and the community, and especially to the individual person, as represented by the price tag of crime.

Can you afford the two million serious crimes that annually occur in the United States?

Can you afford the sixty million dollar daily crime cost, or the twenty-two billion dollar yearly bill for crime?

In this country we have a murder every hour. A forcible rape is perpetrated every thirty-three minutes. Every six minutes someone is robbed. An aggravated assault happens every four minutes. Each minute and one half sees someone's car stolen.

There is a burglary every THIRTY-SEVEN SECONDS!! Every minute of the day there is something stolen which is worth more than fifty dollars.

There is a MURDER, a FORCIBLE RAPE, or an ASSAULT TO KILL every THREE MINUTES.

Last year the loot stolen by thieves amounted to six hundred million dollars. The Police have recovered forty-eight per cent of this property.

Last year three hundred fifty thousand automobiles were stolen. They were worth two hundred ninety MILLION dollars. The Police recovered ninety-five per cent of these, but many were damaged or destroyed.

This is why we have to have a National Police Week. Can you afford the cost of this necessity?

What To Do . . .
While the local situation is not out of control, what we do in each locality affects the National picture. It seems that the dangerous flaw in the Nation's moral armor, and this is illustrated by the frightening proportions of crime in the United States today.

The FBI's Mr. Hoover says, and we certainly agree, that this flaw is one of self indulgence—the principle of pleasure before duty. It creates citizens who reach maturity with a warped sense of values and an underdeveloped conscience. Through indifference and

neglect parents are paving the way for an increase in future adult criminals. If respect for law and order and for the rights of others were instilled in children at an early age, and if parents set a proper example for their children, we might keep juvenile delinquency from being a finishing school for crime.

This is what the individual adult citizen can do—this, and by reporting what they know about crimes to the Police, as we are fond of suggesting in this space from time to time.

The Main Problems . . .
These, with respect to juvenile delinquency, are largely poor home conditions and lack of religion. They are improperly directed youth gang activities and the lack of guidance for leisure time activities. In inadequate school system, where this might exist, is a factor. So is the availability of salacious literature. Physical and mental defects add to the problem.

Two important contributing factors are the tendency to excuse delinquency because of tender years, and lack of adequate punishment.

These are all best combatted by church, school, law enforcement, and last but not most important, the individual citizen.

We are to vote on one item—a special bond election—on June 4. Less than two months prior to this we voted for San Mateo County office holders.

Considering the high cost of setting up voting booths, counting ballots, etc., couldn't these two elections have been consolidated?

Doctor Wants Best Emergency Service

Westlake Times
3317 San Jose Avenue
Daly City, California

Dear Sir:

I have been greatly concerned for the past six years with the problem of obtaining proper emergency hospital facilities for the residents of this city. As the chairman of the Physicians' Hospital Committee several years ago I ascertained that to duplicate the excellent Emergency Hospital system available to the people of San Francisco would cost Daly City an initial quarter of a million dollars with an annual budget of \$200,000 to staff and maintain. It was felt at that time that any lesser facility would be undesirable because of the real possibility that it might actually deprive the citizens of Daly City of the opportunity of obtaining proper medical facilities at a later date.

A makeshift or improvised emergency hospital, however conveniently situated, can harm rather than help the community by wasting life-saving time spent in re-transferring serious cases to a fully-equipped hospital. The entire community shares the shame and horror when a seriously burned child, for example, is turned away from an inadequate emergency station only to die hours later after being brought to a hospital where he should have been taken in the first place.

The shameful history of small proprietary hospitals especially in other parts of the state, should be well-known to every interested person. It must be remembered that these institutions are operated for a profit, and when the large sums mentioned above have to be budgeted, this profit can only be realized in one of several ways:

- 1) The service, equipment, or personnel is reduced in quality or quantity.
- 2) Bills to the patient or to his insurance company are padded and inflated to a degree where many insurance companies will no longer honor charges incurred at other than fully-accredited hospitals.
- 3) The patient is deprived of the free choice of his own physician by being told that his own physician "is not on our staff here," or that "Doctor X who is on our staff will have to complete the follow-up care in order for us to render a report to your insurance carrier." In this way the unwary victim of an emergency situation can find himself trapped, literally a captive of the hospital where he went in good faith. No self-respecting community should tolerate such "ambulance chasing."

Our original program centered about the construction of a tax-supported general hospital with complete emergency facilities. We were delighted to invite Mary's Help Hospital here and to abandon our own long-developed program when it became apparent that they might relocate here. Mary's Help deserves the unqualified support of every citizen of this area, for any alternative facility would have cost the taxpayers dearly.

It must be remembered that both the tax-supported District hospital and Mary's Help Hospital are non-profit hospitals, where no compromise is made in quality of service and where it is not necessary to gouge the patient or his insurance company in order to line someone's pockets.

It is the responsibility of our City Council to obtain or at least to endorse only the finest of services for our citizens. Daly City is not a shanty town where expediency forces us to take less than the best. The citizens should be told that arrangements have been virtually completed with nearby hospitals, which have complete emergency facilities, to handle emergency cases from this area. They should also

know that local ambulance services have been instructed to take emergency victims only to accredited hospitals or to a physician of his own choice, following the recommendation of the San Mateo County Medical Society and the County Health Department.

I believe that all parties in this discussion are agreed in our wish to provide proper emergency care for the residents of Daly City until the opening of Mary's Help Hospital when, it is hoped, a makeshift emergency station would promptly go out of business. Meanwhile it is incumbent on every person in this community to give his full material support to Mary's Help Hospital's building program and hasten the day when we and our children can feel secure in the presence of this truly outstanding institution.

Sincerely,
SANFORD A. MARCUS,
M. D.

Enclosed you will find our answers to the questions Congressman J. Arthur Younger asked of us thru your paper.

1. We do not need Domestic Peace Corps. It will create another bureaucratic agency to spend our hard earned tax money.
2. Foreign Aid should be cut to make those people a broad self-reliant for their own welfare and we should not volunteer to take on so-called new born nations for aid.
3. Financially able people should pay their own medical care. It is not fair to drain on from the poor people's social security benefit by increasing their tax.
4. Tax cut must be followed by reduction of Government expenses and they should cut the deficit.
5. If the local people are willing to pay their own Rapid Transit system, the Government should stay out.
6. By all means, do not increase the Federal debt limit. Let us lower the debt limit.
7. Trade with Communist countries means building communists stronger and secure and later, we will regret it.
8. Our share of United Nations payments should be not more than U.S.S.R. very member nation shares equal amount of assessments as they equally exercise voting rights.

OIL! OIL! OIL!
For a confused moment or two, a family in an eastern city recently felt just like those Oklahoma Indians who struck it rich.
Returning from a short trip, the family found their basement almost knee-deep in oil. And how did all this come about? A deliveryman, who was supposed to deliver 100 gallons of oil to a house in the neighborhood, picked out the wrong house and the wrong hole, and it was oil, oil, oil all over the place!
